

Grants and Funding Factsheet

If you are seeking funding for your club, whether it be for a community service, fundraiser or refurbishment of amenities blocks there is some good news for you.

Community grant applications are generally split into three different paths that can be accessed by clubs. All levels of government give out grants, as do many foundations and some corporations.

The keys to success in getting a grant are subtly different for each type of grant maker. It is important to know the difference, so you know how to pitch your proposal.

Below are some links that aim to help you obtain the valuable funding your facilities require. Be sure to check your local and state government/territory for up-to-date grant opportunities.
